

Merging Great People with Great Projects

# Commercial Construction

Business, Retail, Healthcare and Municipal Construction

## Commercial Building Experience

Based in Northeast Wisconsin, RJM Construction is a full-service commercial contractor committed to design-build projects in both new and remodel construction across several industries including business, retail, healthcare and municipal. With more than 15 years experience, RJM has established a reputation in the area as a progressive builder combining the latest building systems and technology with total project management, quality control and commitment to our customers.

## Why Contract RJM for Your Commercial Project?

RJM Construction regards each project as unique and designs it to meet each client's exact specifications. RJM's dedication to seamless coordination of commercial projects ensures successful completion on time and on budget. RJM's thorough coordination also achieves success in allowing commercial clients' daily business operations to remain on course while construction is in progress. While high quality materials, exceptional craftsmanship and a clean, presentable jobsite are assured, the relationship we will build with you, the customer, is most integral to the successful completion of your commercial project.

- New design-build projects
- Building remodels
- Tenant improvements
- Tilt-up construction
- Building maintenance

## Discover the RJM Commitment

RJM's commitment to excellence utilizes a team focused approach to ensure your construction project results in a superior built structure to optimize your business's performance and functionality into the future.
