

Merging Great People with Great Projects

Excavation Services

The Right People and Equipment for Each Project

Excavation Division

For over 15 years, RJM has built a skilled and trained excavation crew for your construction project needs. From site and parking lot construction to digging for basements and foundations, our skilled team will complete your project with the RJM Commitment to Excellence from the time equipment arrives, excavation begins and project is complete.

Why Contract RJM for Excavation Services?

Because we rely on our own people and equipment, RJM Construction ensures your excavation work is done completely and effectively. Our crew receives thorough safety training and is current on OSHA trenching and excavation standards. We combine the right people and right equipment for each excavation project:

- Basements and foundations
- General site grading
- Driveways
- Parking lots
- Site utilities
- Ditching

Discover the RJM Commitment

RJM's commitment to excellence utilizes a team focused approach to ensure successful completion of commercial and residential projects. With experience in key aspects of construction such as carpentry, masonry, concrete flatwork, and excavation our team knows the importance of seamless project coordination and is able to complete your construction project on time and on budget.

See how RJM has been delivering on this commitment for over 15 years and what makes RJM Construction the right choice for you. Contact us today at 920.984.3103 to discuss your project or visit us at www.rjmconstructionllc.com to see the RJM advantage!

The RJM Advantage:

- Full-service site excavation capabilities
- Trained excavation crew with over 15 years of experience
- OSHA compliant including Construction Standard's Competent Person requirements
